THINGS TO WORRY ABOUT

American cotton mills have
been ordered to burn all cotton
seed in Egyptian cotton, for fear
of the pink boll weevil.

Large quantities of eggs are being
sent from Prince Edward Island
to the Boston market since
the new tariff law came into effect.

China exports peanuts directly
to the United States and also to
France, whence a good many of
the highest grade are reshipped to
this country.

Large deposits of sulphur have
been found in southern Texas and
are to be developed in a similar
manner to the development of the
Louisiana sulphur fields.

For the first time for 11 years
a wedding was solemnized at
Isley Walton, a village in Gloucestershire,
England, where there have
only been 59 marriages since 1754.

RISE IN DEFENSE OF THEIR LOVED COTTONWOODS

There are Those who Cherish
the Arboreal Nuisances and
Object to Marking Them for
Possible Slaughter.

City Engineer James N. Gladding
is still engaged in marking cotton-
wood-bearing trees against the time next
spring when the city will consider
what means to take to eliminate
the cotton-wood and the worm nuisance
that follows it. In a number of
cases Mr. Gladding has met opposition
from property owners and
householders who object to having
their trees blazed. They don't want
the cottonwoods felled, preferring to
put up with the flying stuff and the
worms in order to keep the shade.

Property owners, it is held, have
no right to interfere with any action
the city may take as to trees on the
street, but question of property
rights enter into the disposition of
trees on private premises. The city's
right to control trees on the street
is recognized in the ordinance for
blazing anyone to cut them down,
but further legislation is thought
to be necessary to bring trees on private
property under municipal authority.
However, it would be a
simple matter, it is said, to accom
plish the purpose, since the cotton-
shedding tree can be declared a nuisance
and a source of danger.
In connection with the danger of
fire it was pointed out today that the
weed nuisance carries the same danger.
The dried weeds become tinder,
and when scattered or torn
loose by the wind and blown against
fences and houses they present the
same menace as the cotton. A flying
spark or a cigarette or cigar stub in
a drifted pile of dead patch of weeds
will swiftly start a blaze. Mayor
Heathright has ordered householders
and property owner to clear away
the weeds under penalty provided
by an ordinance covering the nuisance.
Numbers of householders have
acted on the order and more are be
lieving themselves. The mayor's son
was one of the first to act under
the edict, and the weedless state of
the mayoral demesne is an example
to the rest of the burgers.

SIXTY TWO K. P. MEMBERS HERE FOR HEALTH

Mineral Lodge Procures Infor
mation to be Presented to
Committee Which is to Se
lect Sanatorium Site.

There are sixty-two members of
the Knights of Pythias in Albuquer
que for their health, these members
belonging to lodges in every section
of America. The census of visiting
Pythians here for health purposes
was taken by Mineral Lodge No. 4,
with a view to presenting the figures
to the committee of the Supreme
lodge, which will select a site for the
establishment of a national K. of P.
sanatorium. Mineral lodge has been
working on the sanatorium project
for many months and officers of the
organization have been successful in
assembling a convincing array of
facts and figures for use in further
ing the campaign with the powers
that be.

The thanks of the local K. of P.
lodge is extended to the Evening
Herald, for assistance in publicity
necessary in furthering the propa
ganda, in the following letter:
Albuquerque, N. M., June 27.
The Evening Herald, City.

Gentlemen: Mineral Lodge No. 4,
K. of P., desiring to show its ap
preciation of the valuable assistance and
service rendered by your paper in
procuring information which we
think will be of great value to the
supreme lodge when its committee
selects a site for the proposed Pythian
sanatorium, at its last regular
meeting extended a vote of thanks
to the two daily newspapers of this
city.

You may be interested to know
that our committee has found sixty-
two members of the order here for
their health; there are no doubt
many more and the committee is still
at work.

We feel that your assistance has
reduced the work to a minimum, also
that we have got in touch with many
we otherwise may have missed.

Yours fraternally,
C. L. BERNDTSON,

COLONEL ALBRIGHT ADDS TEN NAMES TO CLUB LIST

He has Dozen More Prospects
in Sight. Total Commercial
Club Recruits Now 122—
Aim is 200

Col. J. G. Albright, who has been
conducting a separate campaign for
new members for the Commercial
club, made a partial report on re
sults to Secretary Tom Egan this
morning. The report added ten
names to the 112 new ones placed on
the club roster. With the fruits of
Colonel Albright's recruiting the to
tal of new members added in four
days is 122.

The Colonel isn't through, either.
He has a dozen more prospects and
is certain of landing them all.

"I'm going to keep right at work
as chairman of the southwest com
mittee," said the Colonel this after
noon, "and I'm not figuring on a
dozen more as my limit."

With enthusiastic members cor
ralled additions in the spirit evinced
by Col. "Jack" Albright, President
Cushman's aim of 200 new names on
the club roster takes on an assured
aspect.

MOTORCYCLISTS USE POOR JUDGMENT AND CAUSE BAD ACCIDENT

Automobilists returning from trips
through Tularosa canyon yesterday re
port a bad accident which occurred
Sunday afternoon, when a horse
driven by Carlos Lopez was killed.
The accident happened in the cut
between Trimble's and Silva's, and
according to witnesses was due al
most entirely to the poor judgment
displayed by two young men riding
on motorcycles. Lopez was driving
through the cut when the motor
cycles came along. The horse be
came frightened and began to stam
pede, finally being quieted. One of
the motorcyclists then popped
ahead of Lopez, getting into the fright
ened horse, while the second motor
cyclist rode up behind the outfit, us
ing equally bad judgment in handling
his machine, with the result that the
frantic horse jumped over an em
bankment, breaking his neck. Lo
pez, the driver, was dragged more
than a hundred feet in attempting to
prevent the accident.

Mrs. Brown and Grant Settle
Case and Whether He Called
Her What She Says He did
Remains Legal Mystery.

Popular Young Albuquerque
Business Man Ordered to
Phoenix to Qualify in In
ternational Service.

Whether or not David Grant, chief
operator of the Western Union Tele
graph company in this city, called
Mrs. Olive Brown, a former clerk at
the Western Union office, what she
said he did is not to be legally es
tablished. Mrs. Brown says he did,
and Mr. Grant says he didn't, and
there the matter must rest, because
both sides decided this morning that
they had had enough of court pro
ceedings and publicity and made an
end of the twice-continued case.

Mrs. Brown had Mr. Grant arrested
Saturday night, charging him with
the use of language that made Justice
Craig blush when she testified, Yest
erday morning. When Mrs. Grant
testified that her husband never
called the pretty complainant out of
her name, the hearing was continued
to allow Mrs. Brown to subpoena an
other witness. Yesterday afternoon
the hearing was continued again.
This morning the complainant and
defendant decided that they didn't
want any more hearings and settled
the case between themselves, thereby
bringing keen disappointment to the
courtroom habitués, who were on the
qui vive to learn just what Mr. Grant
did say to Mrs. Brown. It is said
that Mr. Grant apologized for having
Mrs. Brown's feelings, and that Mrs.
Brown expressed herself as satisfied
with the amende, but the courtroom
gallery was decidedly disappointed with
any such amicable ending of the af
fair.

However, the affair was not their
affair and when Laurence F. Lee,
counsel for the pretty complainant,
moved that the case be dismissed that
was all there was to it. Remains
therefore the legal mystery: Did Mr.
Grant call Mrs. Brown what she says
he did?

city's most popular young business
men, will leave this evening for
Phoenix, Arizona, to attend to a tele
gram from Justice Carpenter, commissioner
of internal revenue for New Mexico
and Arizona, instructing him to re
port there and qualify on July 1st,
under a court appointment to the
revenue service.

Mr. B. will be assigned to the
division income tax under Judge
Carpenter, and will be located in New
Mexico, handling his residence in
Albuquerque. His selection was de
termined some time ago after he
had been offered by practically the
entire mercantile organization of
the state. Mr. Baker has been an
active, aggressive and very influen
tial Dun & Co. worker in Albuquer
que for a long time and his appoint
ment is a recognized business abili

How Cannot Be Cured
by local applications, as they cannot
reach diseased portion of the ear.
There is only one way to cure deaf
ness, that is by constitutional
treatment. Deafness is caused by an
inflammation of the mucous mem
brane of the Eustachian Tube. When
this tube is inflamed you have a
rumbling or imperfect hearing,
and what is entirely closed. Deaf
ness is the result, and unless the in
flammation can be taken out and this
tube closed to its normal condition,
hearing will be destroyed forever; the
cause of deafness is caused by Catarrh,
which is nothing but an inflamed
condition of the mucous surfaces.

We give One Hundred Dollars
for a case of Deafness (caused by
catarrh) that cannot be cured by
local treatment. Send for circular.
